Terms One and Two in Review

The final year of high school can be a rollercoaster ride for many grade 12 students. They have to balance between achieving great academic results, and also ensuring that they are completing applications for their upcoming university studies.

We have had a successful

partnership with Gradesmatch as they have completed applications for all the grade 12's for local universities. The students have also made use of Cialfo to complete international university applications.

The AccessEd programme has kicked off with all the students

having the opportunity to meet their tutors.

Previous ASE students have benefited greatly from the programme, as it exposes the students to research methodologies and skills that most people only get to experience at university level.

Shakespeare Schools Festival

The Shakespeare Schools Festival hosted by the Joburg Theatre is Africa's largest youth Drama festival. ASE students are participating once again, with their performance night being on the 8th of September.

Last year we had a fully packed audience, however not many ASE parents were able to find available tickets as parents from other schools performing on the same night had quickly booked out the tickets.

We encourage any parent who wants to participate to book fast. Here's the link: <https://www.webtickets.co.za/v2/Event.aspx?itemid=1464428229>
